Dear Sir:

Applicants hereby petition to the Commissioner requesting that the Notice of Abandonment issued for the above-identified patent application on November 22, 2002 be vacated and, further, request reconsideration of the Decision issued on March 19, 2003 (the "Decision").

A Notice to File Missing Requirements was mailed on July 26, 2001 ("Notice of Missing Requirements"). Applicants filed a Response to Notice to File Missing Requirements on September 26, 2001. The Decision indicates that a Notification of Defective Response was mailed on December 18, 2001 ("Notification"), however, the undersigned attorney for applicants did not receive this Notification.

Pursuant to Manual of Patent Examining Procedure ("MPEP") 711.03(c), the undersigned applicants attorney states:

(1) The Notification was not received by the undersigned attorney nor by said attorneys office;

(2) A search of the file wrapper for the above-identified patent application and the docket records for the undersigned attorney and for said attorneys office indicates that the Notification was not received by the undersigned attorney nor

by said attorneys office; and

(3) Attached hereto are copies of docket records for said attorneys office for the time periods of December 21-31, 2001, January 11-21, 2002 and January 18-28, 2002 . In particular, a review of the docket for the dates of January 26, 2002 and January 18, 2002 indicates that a response to the Notification is not shown. If the Notification had been received, a response would have been docketed for one month from the date of the Notification (mailed on December 18, 2001), i.e. January 18, 2002. Also, had the Notification been received, a response date could have been docketed for six months from the mailing date of the Notice of Missing Requirements (mailed on July 26, 2001), i.e. January 26, 2002. See Notification of Defective Response which states that the period for response set in the Notification of Missing Requirements may be extended up to a maximum of six months. As shown from the copies of the docket records, the Notification was not docketed for either of these dates. (Also enclosed is a docket report for December 21-31, 2001, which shows that the action does not appear on the docket.)

Applicants believe no fee is due, however, if a fee is deemed necessary, the Commissioner is hereby authorized to charge Deposit Account 50-0772.

Respectfully submitted,

Dated: May 19, 2003
